INDEX TO VOLUME 99

POSTGRADUATE MEDICINE

JANUARY-JUNE 1996

SUBJECTS

ABDOMEN
• Abdominal infections, diagnostic imaging. 99(3):176
ACCIDENTS
• Accidental hypothermia, effects of heat loss on body systems, treatment. 99(1):77*
• Falls caused by peripheral neuropathy in the elderly, detection and treatment. 99(6):161*
ACQUIRED IMMUNODEFICIENCY SYNDROME: See AIDS
ADOPTION
• International, screening for infectious diseases and developmental delay. 99(4):70*
AGING
• Acute respiratory failure, role of noninvasive positive pressure ventilation in treatment. 99(6):221
• Brain failure, careful evaluation to reveal potentially reversible causes. 99(5):125*
• Cataracts, patient information. (PN) 99(4):282
• Functional assessment in older patients, overview, improving quality of life. 99(5):101*
• Influenza in elderly, difficulties in diagnosis, strategies for prevention. 99(2):138*
• Mobility and balance in elderly, guide to assessment. 99(3):269*
• Necrotizing otitis externa, management. 99(5):157
• Parkinson's disease, treatment strategies. 99(1):52*
• Peripheral neuropathy, cause of falls, detection and treatment. 99(6):161*
• Physiologic changes, pharmacologic implications. 99(5):111*
• Risk factor for nosocomial pneumonia. 99(3):222
• Urinary incontinence, basic types and management. 99(5):137*
AIDS
• Fever in HIV-infected patients, assessment. 99(3):78*
• Opportunistic fungal infections in patients with HIV disease, diagnosis and treatment. 99(6):209*

*Major clinical discussion
CV, Clinical Viewpoint
CR, Case Report
DD, Digital Doc
ED, Editorial
PH, Physician-at Large
PN, Patient Notes

ANEMIA
• Iron deficiency anemia. (PN) 99(3):288
ANTIBIOTICS: See Drugs, antibiotic
ANTIBODIES
• Antiphospholipid syndrome, overview of detection and management. 99(6):105*
APPETITE DISORDERS
• Anorexia. (PN) 99(6):278
• Anorexia nervosa and bulimia nervosa, behavioral clues, role of primary care physicians in intervention. 99(1):161*
ARTHRITIS: See Rheumatic diseases

BIOPSY
• Fine-needle aspiration, pulmonary nodule. 99(2):248
BLEEDING: See Hemorrhage
BLOOD
• Exchange transfusion for neonatal jaundice. 99(3):193
BODY WEIGHT
• Perceived, in anorexia. (PN) 99(6):278
• Obsession in eating disorders, behavioral clues, role of primary care physicians in intervention. 99(1):161*
BRAIN
• Effect of drug therapy for Parkinson's disease. 99(1):52
• Failure in older patients, evaluation. 99(5):125*
BRONCHITIS
• Acute, patient information. (PN) 99(1):214
• Chronic, acute exacerbations, management. 99(4):89*

CANCER: See Neoplasms
CARDIOVASCULAR DISEASES
• Anticoagulant therapy, oral, practical aspects. 99(6):81*
• Coronary artery disease, pharmacologic prevention, clinical trials. 99(2):109*
• Coronary artery disease, recommendations for lifestyle modifications. 99(2):89*
• Deep venous thrombosis in pregnancy, use of low-dosage urokinase. (CR) 99(5):269
• Exercise stress testing. (PN) 99(2):276
• Heparin therapy, indications for, principles of monitoring. 99(6):64*
• Hypercholesterolemia, role of dietary fiber in cholesterol reduction. 99(2):168
• Hypertension, costs of treatment and long-term consequences of cost containment. 99(4):241*
• Hypertensive crises, necessity for prompt recognition and management. 99(1):189*
• Ischemic coronary artery disease, usefulness of percutaneous revascularization strategies. 99(2):125*
• Ischemic heart disease, choosing appropriate diagnostic tests. 99(2):63*
• Myocardial infarction, risk stratification in survivors. 99(4):207*
• Thrombosis in patients with antiphospholipid syndrome. 99(6):107
CATHETERIZATION
• Cardiac, for risk stratification in survivors of acute myocardial infarction. 99(4):212
CHEMOTHERAPY: See Drugs, antineoplastic
CHILD DEVELOPMENT DISORDERS
• Developmental assessment of the internationally adopted child, screening for delays. 99(4):81
CHOLESTEROL
• Reduction in coronary artery disease. 99(2):89
CLINICS, URGENT CARE
• Providing efficient, cost-effective care. 99(4):161*
COLONIC DISEASES: See Gastrointestinal diseases
COMPUTERS
• CD-ROM drives in medical practice. (DD) 99(2):35
• E-mail, overview, uses for physician. (DD) 99(3):51
• Getting an Internet account set up. (DD) 99(6):31
• In medical practice, distinguishing requirements from expensive extras. (DD) 99(5):29
• Modems, buying and using them for your medical practice. (DD) 99(4):47
• Practical applications to medical practice. (DD) 99(1):39
COST-BENEFIT ANALYSIS
• Costs of hypertension treatment, long-term realities of cost containment. 99(4):241*

DEATH/DYING
• Combining the art and science of medicine to relieve suffering, useful suggestions. 99(6):189*

DELIVERY OF HEALTHCARE
• Market forces shaping today's medical practice. (ED) 99(6):15
• Putting physicians in control of healthcare. (ED) 99(2):21
• Urgent care clinic, efficiency and effectiveness. 99(4):161*
DEPRESSION
• Dysthymic disorder, diagnostic characteristics, management. 99(6):233*
• Management, detection and treatment, current trends in primary care. 99(5):179*
DERMATITIS
• Pruritus, overview of current therapeutic strategies. 99(1):173*
DIABETES
• Complications, strategies for detection and treatment. 99(3):147*
• Gestational, risk factors, diagnosis and management. 99(3):165*
• Insulin pump therapy, acceptable alternative to injection therapy. 99(3):125*
• Ketoacidosis and hyperosmolar nonketotic state, evaluation and management. 99(6):143*
• Type II, new and traditional treatment options. 99(3):109*
DIAGNOSTIC TECHNIQUES
• Bronchoalveolar lavage in diagnosis of nosocomial pneumonia. 99(3):227
• For clinical diagnosis of community-acquired pneumonia. 99(1):95
• For interstitial cystitis. 99(5):202
• Imaging studies in evaluation of coronary artery disease. 99(2):65
• Imaging techniques in evaluation of various infectious diseases. 99(3):175*
• In differentiation of benign and malignant pulmonary nodules. 99(2):246
• Prostate-specific antigen testing for prostate cancer, practical interpretation of values. 99(2):227*
• PSB bronchoscopy in diagnosis of nosocomial pneumonia. 99(3):226
DIET: See Nutrition
DRUG INTERACTIONS
• With oral anticoagulant therapy. 99(6):89
DRUG THERAPY
• Chelation therapy for lead poisoning. 99(3):211
• Effects of age-related physiologic changes. 99(5):114

continued

• For acute manic-depressive states. (CR) 99(4):146
• For hypertension, long-term consequences of cost containment. 99(4):241*
• For moderate Parkinson's disease. 99(1):52*
• Specific agents for management of hypertensive crises. 99(1):191

DRUGS, ANTIBIOTIC
• Cephalosporins for treatment of streptococcal pharyngitis. 99(2):214; (correction) 99(5):46
• For atypical pneumonia. 99(1):131; (correction) 99(4):64
• For infectious arthritis. 99(4):135
• For urinary tract infection in women. 99(4):192
• Selecting cost-effective regimen for community-acquired pneumonia. 99(1):109*
• Vancomycin-resistant enterococci, key features, guidelines for drug therapy. 99(5):60*

DRUGS, ANTICOAGULANT
• For patients with antiphospholipid antibodies who have thrombosis. 99(6):120
• Heparin therapy, current regimens, principles of monitoring. 99(6):64*
• Heparin therapy, new developments. 99(6):129*
• Oral therapy, practical aspects. 99(6):81*

DRUGS, ANTIDEPRESSANT
• For treatment of depression. 99(5):185
• For treatment of dysthymic disorder. 99(6):237

DRUGS, ANTIFUNGAL
• For cryptococcal disease in HIV-infected patients. 99(6):211
• For histoplasmosis in HIV-infected patients. 99(6):218

DRUGS, ANTIHISTAMINE
• Oral, for pruritus. 99(1):176

DRUGS, ANTILIPIDEMIC
• In preventing atherosclerosis, clinical trials. 99(2):109

DRUGS, ANTINEOPLASTIC
• Tuberculosis chemotherapy, hepatotoxic effects. 99(5):217*

DRUGS, ANTIVIRAL
• For treatment of influenza in elderly. 99(2):144

DRUGS, CORTICOSTEROID
• Topical, for pruritus. 99(1):179

DRUGS, HYPOGLYCEMIC
• Oral, in pharmacologic treatment of type II diabetes. 99(3):115

DRUGS, SALICYLATE
• Aspirin for primary prevention of coronary artery disease. 99(2):118

DRUGS, SIDE EFFECTS
• Hepatotoxic effects of tuberculosis therapy. 99(5):217*
• Of common glaucoma medications. 99(5):257

DRUGS, THROMBOLYTIC
• Low-dosage urokinase for deep venous thrombosis in pregnancy. (CR) 99(5):269

EAR DISEASES
• Otitis externa, management. 99(5):153*

EATING DISORDER: See Appetite disorders

EDUCATION, MEDICAL
• Future oversupply of physicians, role of international medical graduates, recommendations. (ED) 99(5):15

ELDERLY: See Aging

EMERGENCY MEDICINE
• Hypertensive crises, necessity for prompt recognition and management. 99(1):189*

ENDOCRINE DISORDERS
• Diabetes: See Diabetes
• Hyperprolactinemia, causes, evaluation, and treatment. 99(5):265*

ENVIRONMENTAL HAZARDS
• Lead poisoning, screening, treatment strategies. 99(3):201*

EQUIPMENT
• For team physicians on sidelines. 99(5):237
• Insulin pump therapy. 99(3):125*

ESTROGEN
• Effect on cardiovascular system. 99(2):115

ETHICS, MEDICAL
• Issues involved in organ donation and transplantation. (ED) 99(3):15

EXERCISE
• To reduce risk of coronary artery disease. 99(2):102

EXERCISE TESTING
• In evaluation of ischemic heart disease. 99(2):64
• Patient information. (PN) 99(2):276

EYE DISORDERS
• Cataracts. (PN) 99(4):282
• Common conditions to treat in primary care office, ways to avoid potentially serious consequences. 99(4):119
• Glaucoma, guide to recognition and management. 99(5):247*
• Iritis, recognition and management. 99(2):255*
• Recognizing common conditions in which ophthalmologic referral is necessary. 99(4):107*
• Retinopathy, diabetic, detection and treatment. 99(3):147

FEVER
• In HIV-infected patients, assessment. 99(3):78*

FIBER
• Dietary, role in prevention and treatment of disease. 99(2):153*

FUNGAL DISEASES
• Opportunistic infections in HIV-infected patients, diagnosis and treatment. 99(6):209*

GASTROINTESTINAL DISEASES
• Colorectal cancer, benefits of dietary fiber. 99(2):156
• Colorectal cancer, screening, present strategies, future prospects. 99(3):253*
• Diverticulitis, role of dietary fiber in prevention and treatment. 99(2):156
• Gastroesophageal reflux, recognizing atypical presentations, treatment. 99(4):231*
• Inflammatory bowel disease, benefits of dietary fiber. 99(2):167
• Irritable bowel syndrome, benefits of dietary fiber. 99(2):154
• Nasogastric and feeding tubes, importance of proper placement. 99(5):165*
• Proctalgia fugax, guide to recognition, therapeutic strategies. 99(4):263*
• Vancomycin-resistant enterococci, key features, guidelines for drug therapy. 99(5):60*

GENITAL DISEASES
• Urinary tract infection, current recommendations for diagnosis and treatment. 99(4):189*
• Vaginal prolapse, nonsurgical management techniques. 99(4):171*

GERIATRICS: See Aging

GLAUCOMA
• Guide to recognition and management. 99(5):247*

GYNECOLOGY: See Obstetrics/Gynecology

HEALTH POLICY
• Opportunity for physicians to regain control of healthcare. (ED) 99(2):21

HEART DISEASE: See Cardiovascular diseases

HEART RATE
• Normal sinus rhythm, standards too high. (CV) 99(2):263

HEMATOLOGIC DISEASES
• Anemia, iron deficiency. (PN) 99(3):288
• Thrombocytopenia in antiphospholipid syndrome, overview of detection and management. 99(6):105*

HEMORRHAGE
• Acute epistaxis, evaluation and treatment. 99(5):83*
• Bleeding risk during oral anticoagulant therapy, assessment. 99(6):83
• Complication of oral anticoagulant therapy. 99(6):91
• In Ebola virus disease. 99(5):75

HEMORRHOIDS
• Patient information. (PN) 99(5):280

HEPARIN
• Therapy, indications for, principles of monitoring. 99(6):64*
• Therapy, new developments. 99(6):129*

HOSPITALS, COMMUNITY
• Nosocomial enterococcal disease, resistant strains, increasing prevalence. 99(5):60

HYPERGLYCEMIA
• Decompensated hyperglycemic states in adults, diagnosis and management. 99(6):143*

HYPERTENSION: See Cardiovascular diseases

HYPOTHERMIA
• Accidental, effects of heat loss on body systems, treatment. 99(1):77*

IMMUNIZATION
• For influenza in elderly, recent information. 99(2):143

INCONTINENCE
• Urinary, in older patients, basic types and management. 99(5):137*

INDEPENDENT LIVING
• For older patients, overview of functional assessment to improve quality of life. 99(5):101*
• Mobility and balance in elderly, guide to assessment. 99(3):269*

continued

INFANTS
• Complications from gestational diabetes. 99(3):166
• Eye infection, chronic, diagnosis and treatment. 99(4):119
• Neonatal jaundice, guide to differential diagnosis and management. 99(3):187*
INFECTION
• Abdominal, diagnostic imaging. 99(3):176
• Chest, diagnostic imaging. 99(3):175
• Clostridial myonecrosis (gas gangrene) after traumatic injury, guide to early recognition and treatment. 99(4):217*
• Community-acquired pneumonia, accurate diagnosis. 99(1):95*
• Community-acquired pneumonia, cost-effective antimicrobial therapy. 99(1):109*
• Ebola virus disease, manifestations, management and preventive measures. 99(5):75*
• Fever in HIV-infected patients, assessment. 99(3):78*
• Fungal, opportunistic, in HIV-infected patients, diagnosis and treatment. 99(6):209*
• Influenza in elderly, difficulties in diagnosis, strategies for prevention. 99(2):138*
• Joint space, infectious arthritis, diagnosis and treatment. 99(4):127*
• Musculoskeletal, diagnostic imaging. 99(3):178
• Nosocomial pneumonia, diagnosis and treatment. 99(3):221*
• Otitis externa, management. 99(5):153*
• Pneumonia, nonzoonotic atypical, diagnosis and treatment. 99(1):123*; (correction) 99(4):64
• Pneumonia, risk factors for and causes of delayed resolution, workup strategy. 99(1):151*
• Screening the internationally adopted child. 99(4):70
• Streptococcal pharyngitis, recurrent, treatment options. 99(2):211*; (Correction) 99(5):46
• Tinea versicolor, diagnosis and treatment. 99(6):179
• Upper respiratory tract, cause of exacerbations of chronic bronchitis, management. 99(4):95
• Urinary tract, current recommendations for diagnosis and treatment. 99(4):189*
• Vancomycin-resistant enterococci, key features, guidelines for drug therapy. 99(5):60*
INFLAMMATION
• Bronchitis, acute. (PN) 99(1):214
• Bronchitis, chronic, acute exacerbations, management. 99(4):89*
• Iritis, recognition and management. 99(2):255*
INFLUENZA
• In elderly, difficulties in diagnosis, strategies for prevention. 99(2):138*
INSULIN
• Intravenous therapy for diabetic ketoacidosis. 99(6):146
• Pump therapy, acceptable alternative to injection therapy for diabetes. 99(3):125*
• Role in therapy for hyperosmolar nonketotic state. 99(6):150
INSURANCE, HEALTH
• Financial commitment by insurers to long-term goals of therapy for hypertension, effects of cost containment. 99(4):241*
INTUBATION
• Nasogastric and feeding tubes, proper placement. 99(5):165*
IRON
• Deficiency, cause of anemia. (PN) 99(3):288

JAUNDICE
• Neonatal, guide to differential diagnosis and management. 99(3):187*

KIDNEY DISEASES
• Diabetic nephropathy, detection and treatment. 99(3):150

LABORATORY INVESTIGATION
• Monitoring effect of oral anticoagulant therapy. 99(6):81*
• Monitoring heparin therapy. 99(6):70
• Prostate-specific antigen testing for prostate cancer, practical interpretation of values. 99(2):227*
• Testing for antiphospholipid syndrome. 99(5):115
LEAD
• Poisoning, screening, treatment strategies. 99(3):201*
LEG
• Cramps, nocturnal, controversy over use of quinine, treatment and prevention. 99(2):177*

LIVER DISEASES
• Hepatotoxic effects of tuberculosis therapy. 99(5):217*
• Jaundice, neonatal, guide to differential diagnosis and management. 99(3):187*
LUNG DISEASES
• Chest infections, diagnostic imaging. 99(3):175
• Pulmonary nodule, differential diagnosis and management. 99(2):246*
• Roentgenographic lung abnormalities, distinguishing from pneumonia, role of history taking and examination in accurate diagnosis. 99(1):139*

MEDICAL PRACTICE
• Adding versatility to computers with CD-ROM drives. (DD) 99(2):35
• Computers with modems, using them to enhance your practice. (DD) 99(4):47
• Impact of market forces. (ED) 99(6):15
• Incorporating computers into everyday practice. (DD) 99(1):39
• Using computers, distinguishing requirements from expensive extras. (DD) 99(5):29
• Using E-mail effectively. (DD) 99(3):51
METABOLIC DISORDERS
• Diabetic ketoacidosis and hyperosmolar nonketotic state, evaluation and management. 99(6):143*
• Hyperprolactinemia, causes, evaluation, and treatment. 99(5):265*
MOUTH DISEASES
• Cancerous oral lesions, warning signs, diagnosis and treatment choices. 99(4):149*
MUSCULOSKELETAL DISORDERS
• Assessing mobility and balance in elderly. 99(3):269*
• Infections, diagnostic imaging. 99(3):178
• Leg cramps, nocturnal, controversy over use of quinine, treatment and prevention. 99(2):177*
MYOCARDIAL INFARCTION: See Cardiovascular diseases

NASAL DISORDERS
• Acute epistaxis, evaluation and treatment. 99(5):83*

NEOPLASMS
• Colorectal cancer, benefits of dietary fiber. 99(2):156
• Colorectal cancer screening, present strategies, future prospects. 99(3):253*
• Oral lesions, cancerous, warning signs, diagnosis, and treatment choices. 99(4):149*
• Prostate cancer, prostate-specific antigen testing, practical interpretation of values. 99(2):227*
• Solitary pulmonary nodule, differential diagnosis and management. 99(2):246*
NEUROLOGIC MANIFESTATIONS
• Brain failure in older patients, careful evaluation to reveal potentially reversible causes. 99(5):125*
• Diabetic neuropathy, detection and treatment. 99(3):155
• Parkinson's disease, strategies for maximizing treatment. 99(1):52*
• Peripheral neuropathy, cause of falls in elderly, detection and treatment. 99(6):161*
NURSING HOMES
• Management of influenza outbreaks. 99(2):147
NUTRITION
• Dietary fiber, role in prevention and treatment of disease. 99(2):153*
• Dietary modifications to reduce risk factors in coronary artery disease. 99(2):89
• Eating disorders, behavioral clues, guide to intervention. 99(1):161*
• Iron deficiency anemia. (PN) 99(3):288
• Nasogastric and feeding tubes, importance of proper placement. 99(5):165*

OBESITY
• Benefits of dietary fiber in weight loss. 99(2):168
OBSTETRICS/GYNECOLOGY
• Gestational diabetes, risk factors, diagnosis and management. 99(3):165*
• Pregnancy and deep venous thrombosis, use of low-dosage urokinase. (CR) 99(5):269
• Urinary tract infection, current treatment approaches. 99(4):192
• Vaginal prolapse, nonsurgical management techniques. 99(4):171*

continued

OCULAR DISORDERS: See Eye disorders
OTORHINOLARYNGOLOGIC DISEASES
• Acute epistaxis, evaluation and treatment. 99(5):83*
• Head and neck manifestations of gastroesophageal reflux. 99(4): 233
• Oral cancer, warning signs, diagnosis, and treatment choices. 99(4):149*
• Otitis externa, management, when to refer. 99(5):153*
OXYGEN
• Hyperbaric, therapy, for gas gangrene. 99(4):219

PAIN
• Chest, atypical presentation of gastroesophageal reflux. 99(4): 231
• Rectal, proctalgia fugax, guide to recognition, therapeutic strategies. 99(4):263*
• Suffering, relief of, suggestions for combining the art and science of medicine. 99(6):189*
PATIENT EDUCATION
• Acute bronchitis. (PN) 99(1):214
• Anorexia. (PN) 99(6):278
• Cataracts. (PN) 99(4):282
• Diabetes education, therapeutic component. 99(3):111
• Exercise stress testing. (PN) 99(2):276
• Hemorrhoids. (PN) 99(5):280
• Iron deficiency anemia. (PN) 99(3):288
• Lifestyle modification in coronary artery disease. 99(2):89*
PEDIATRICS
• Anorexia. (PN) 99(6):278
• Chronic eye infection in infants, diagnosis and treatment. 99(4):119*
• Eating disorders, behavioral clues, role of primary care physicians in intervention. 99(1):161*
• International adoptions, screening for infectious diseases and developmental delay. 99(4):70*
• Lead poisoning, screening for toxicity, treatment strategies. 99(3):201
• Neonatal jaundice, guide to differential diagnosis and treatment. 99(3):187*
• Streptococcal pharyngitis, recurrent, treatment options. 99(2): 211*; (correction) 99(5):46
PHARYNGEAL DISEASES
• Streptococcal pharyngitis, recurrent, treatment options. 99(2):211*; (correction) 99(5):46
PHYSICAL EXAMINATION
• Functional assessment in older patients, overview. 99(5):101*
PHYSICIAN-PATIENT RELATIONS
• Coping with personal pain within family practice. (ED) 99(1):15
• Patients' views of physicians. (ED) 99(4):21
PHYSICIANS
• Combining the art and science of medicine to relieve suffering, useful suggestions. 99(6):189*
• Healing the healer, coping with personal pain within family practice. (ED) 99(1):15
• Making better use of computer technology in everyday practice. (DD) 99(1):39
• Need to understand market forces shaping today's medical practice. (ED) 99(6):15
• Opportunity to regain control of healthcare. (ED) 99(2):21
• Oversupply in near future, role of international medical graduates, recommendations. (ED) 99(5):15
• Patients' perceptions. (ED) 99(4):21
• Primary care, role in raising awareness of need for organ donation. (ED) 99(3):15
• Sports event and team, appropriate preparation key to success. 99(5):237*
PNEUMONIA
• Atypical, diagnosis and treatment. 99(1):123*; (correction) 99(4):64
• Community-acquired, accurate diagnosis. 99(1):95*
• Community-acquired, cost-effective antimicrobial therapy. 99(1):109*
• Delayed resolution, risk factors for and causes, workup strategy. 99(1):151*
• Nosocomial, diagnosis and treatment. 99(3):221*
POISONING
• Lead, screening for toxicity, treatment strategies. 99(3):201*
PREGNANCY See Obstetrics/Gynecology
PREVENTIVE MEDICINE
• Bronchitis, chronic, acute exacerbations, management. 99(4):89*
• Influenza vaccine, recent information. 99(2):143
• Measures to prevent infection in patients after splenectomy. 99(6): 206
• Prevention of type II diabetes, clinical trials. 99(3):109
• Preventive measures in chronic bronchitis. 99(4):101
• Role of dietary fiber in prevention and treatment of disease. 99(2): 153*
PROSTATIC DISEASES
• Prostatic-specific antigen testing for prostate cancer, practical interpretation of values. 99(2):227*
PSYCHIATRIC/PSYCHOSOCIAL DISORDERS
• Anorexia. (PN) 99(6):278
• Depression, detection and treatment, current trends in primary care. 99(5):179*
• Dysthymic disorder, diagnostic characteristics, management. 99(6): 233*
• Eating disorders, behavioral clues, role of primary care physicians in intervention. 99(1):161*
• Mania, case with insomnia as presenting symptom. (CR) 99(4):143
PUBLIC HEALTH
• Nosocomial pneumonia, diagnosis and treatment. 99(3):221
• Vancomycin-resistant enterococci, key features, guidelines for drug therapy and for limiting contact and spread. 99(5):60*
PULMONARY DISEASES: See Lung diseases; Respiratory diseases

QUALITY OF HEALTHCARE
• Effect of market forces, purchaser definitions of quality. (ED) 99(6):15
QUININE
• Over-the-counter preparations banned for treatment and prevention of nocturnal leg cramps. 99(2): 177*

RADIOGRAPHY
• Proper positioning of nasogastric and feeding tubes. 99(5):165*
RADIOLOGIC DIAGNOSIS
• Imaging techniques in evaluation of various infectious diseases. 99(3):175*
RADIOTHERAPY
• For treatment of stage T1 and T2 oral cancer. 99(4):152
RECTAL DISEASES
• Hemorrhoids. (PN) 99(5):280
• Proctalgia fugax, guide to recognition, therapeutic strategies. 99(4):263*
RENAL DISEASES: See Kidney diseases
RESPIRATORY DISEASES
• Acute respiratory failure, role of noninvasive positive pressure ventilation in treatment. 99(6):221*
• Bronchitis, acute. (PN) 99(1):214
• Bronchitis, chronic, acute exacerbations, management. 99(4): 89*
• Chronic pulmonary disorders, association with gastroesophageal reflux. 99(4):232
• Pneumonia, atypical, diagnosis and treatment. 99(1):123*; (correction) 99(4):64
• Pneumonia, community-acquired, accurate diagnosis. 99(1):95*
• Pneumonia, community-acquired, cost-effective antimicrobial therapy. 99(1):109*
• Pneumonia, risk factors for and causes of delayed resolution, workup strategy. 99(1):151*
• Pulmonary disorders, noninfectious, radiographic presentations mimic pneumonia, role of history taking and examination in accurate diagnosis. 99(1):139*
RHEUMATIC DISEASES
• Infectious arthritis, need for prompt diagnosis and treatment. 99(4):127*
• Rheumatoid arthritis, perioperative management. 99(2):191*

SCREENING
• For colorectal cancer, present strategies, future prospects. 99(3): 253*
• For infectious diseases and developmental delay in the internationally adopted child. 99(4):70*
• For lead toxicity. 99(3):201
SKIN DISEASES
• Necrosis and purple toes syndrome, complication of warfarin therapy. 99(6):92
• Nongenital warts, treatment options. 99(3):245*
• Pigmentation disorders, characteristics and treatment. 99(6): 177*

continued

• Pruritus, overview of current therapeutic strategies. 99(1):173*
SLEEP DISORDERS
• Insomnia as presenting symptom of mania. (CR) 99(4):143
SMOKING
• Cessation to prevent chronic bronchitis. 99(4):101
• Risk factor in coronary artery disease. 99(2):102
• Tobacco, association with oral cancer. 99(4):149
SPORTS MEDICINE
• Event and team physicians, appropriate preparation key to success. 99(5):237*
SURGERY
• Arterial ligation and other surgical interventions for acute epistaxis. 99(5):94
• Coronary artery bypass for revascularization in patients with angina. 99(2):135
• Debridement, for gas gangrene, surgical emergency. 99(4):219
• Electrodesiccation of nongenital warts. 99(3):248
• Oncologic, for oral cancer. 99(4):152
• Organ transplantation, ethical issues. (ED) 99(3):15
• Pelvic reconstructive, for vaginal prolapse. 99(4):184
• Perioperative management of rheumatoid arthritis, areas of concern for primary care physicians. 99(2):191*
• Precautions for patients on anticoagulation therapy. 99(6):89
• Splenectomy, postsurgical care to decrease risk of infection. 99(6):203*
TERMINAL CARE
• Combining the art and science of medicine to relieve suffering. 99(6):189*
THERAPEUTICS
• Combining the art and science of medicine to relieve suffering, useful suggestions. 99(6):189*
• Cryotherapy for nongenital warts. 99(3):247
• For epistaxis, anterior and posterior. 99(5):88
• Hyperbaric oxygen therapy to reduce morbidity and mortality in cases of gas gangrene. 99(4):219
• Laser therapy for nongenital warts. 99(3):248
• Noninvasive positive pressure ventilation, role in treating acute respiratory failure. 99(6):221*
• Percutaneous revascularization strategies for ischemic coronary artery disease. 99(2):125*
• Phototherapy for neonatal jaundice. 99(3):193
• Vaginal pessaries for genital prolapse. 99(4):175
TRANSPLANTATION
• Ethical issues. (ED) 99(3):15
TRAUMA
• Accidental hypothermia, effects of heat loss on body systems, treatment. 99(1):77*
• Followed by gas gangrene, guide to early recognition and treatment. 99(4):217*
TUBERCULOSIS
• Hepatotoxic effects of therapy. 99(5):217*
TUMORS: See Neoplasms
UROLOGIC DISEASES
• Interstitial cystitis, diagnosis and treatment. 99(5):201*
• Prostate-specific antigen testing for prostate cancer, practical interpretation of values. 99(2):227*
• Urinary incontinence in older patients, basic types and management. 99(5):137*
• Urinary tract dysfunction caused by genital prolapse. 99(4):174
• Urinary tract infection, current recommendations for diagnosis and treatment. 99(4):189*
VACCINATION: See Immunization
VASCULAR DISEASES: See Cardiovascular diseases
VIRAL DISEASES
• Ebola virus disease, manifestations, management and preventive measures. 99(5):75*
• Influenza in elderly, difficulties in diagnosis, strategies for prevention. 99(2):138*
• Nongenital warts, treatment options. 99(3):245*
WARTS
• Nongenital, treatment options. 99(3):245*
WOUNDS/INJURIES: See Trauma
